POLICY

It is the policy of JCS to ensure that where there is an identified pattern of frequent client cancellations, or where a client is not present for services, that the client is reassessed, advised of their rights and responsibilities and a decision is reached around eligibility for ongoing services.

This ensures that all clients have equitable access to funded services, particularly where there is a demand and waitlist for some services.

GUIDELINES

- a) Each episode of a client cancellation, nonattendance for a service or clients not at home for their service will be recorded accordingly on the clients electronic file within MAISY;
- b) Where a client is not at home for service or clients who do not respond to a scheduled visit should be followed up to ascertain the well-being of the client;
- c) Clients who cancel their service outside the minimum notice period (24 hours), or not at home for service and where the reason is not of an urgent medical or emergency nature, the client will be advised that they will incur the full charge for that service;

 - Remind the client or their carer of their Rights & Responsibilities as per documentation provided at time of assessment / review

- e) The General Manager will then confirm the above in writing with the client or carer and also provide a copy of the JCS Client Cancellations & Non Attendances Policy and Client Rights & Responsibilities Charter for their information;
- f) Any immediate and subsequent instances of a cancellation, nonattendance or client not being at home for their service and where the cancellation reason is not of an urgent medical or emergency nature will result in an immediate suspension of services and a reassessment will take place;
- g) The General Manager will advise the client or carer by telephone of the decision to suspend services and outline the following:
 - Previous telephone and written correspondence sent to client regarding this matter

- h) The General Manager will then confirm the above in writing with the client or carer and provide reference to the JCS Compliments, Suggestions, Complaints & Feedback Policy and Advocacy Policy, should the client or carer wish to obtain copies;
- i) A reassessment will take place at the agreed time to review the full needs of the client

- including establishing client eligibility for ongoing services and ascertaining from the client or carer any circumstances causing frequent cancellations or not attending their service;
- j) Where the client has identified particular circumstances or issues relating to their cancellation or non-attendance, the Coordinator, Home & Community Support or Manager, Community Services will work with the client to investigate alternative days and times for service or linking the client into other appropriate services that may better suit their needs;
 - k) Where it has been identified that there is an ongoing need for JCS services, the client will be reminded of their Rights and Responsibilities and the need to provide adequate notice of their intention to cancel services in the future;
 - l) Once the client has acknowledged their responsibilities in relation to any future service cancellations their home & community support services will be fully reinstated;
 - m) Any immediate and subsequent instances of a cancellation, non-attendance or client not being at home for their service and where the cancellation reason is not of an urgent medical or emergency nature will result in an immediate termination of services;
